

BUREAU VERITAS
Certification

Certificate

for

Furrer+Frey AG

Thunstrasse 35, 3005 Bern / Switzerland

with subsidiaries according to appendix

Bureau Veritas Switzerland AG hereby confirms that the management system of the above-mentioned organisation has been assessed and complies with the requirements set out in the following standards/regulations.

Standards/Regulations:

SN EN ISO 9001:2015
SN EN ISO 14001:2015
SN EN ISO 45001:2018

The management system comprises:

Planning and site management of overhead contact lines for railway, tram and trolleybus

Development of CAD-supported software for railway engineering installations

Consultancy in the areas of railway engineering and traction current

Planning and implementation of control gear for stationary installations

Surveying of fixed railway installations

Supply of overhead contact line and conductor rail equipment

with steel constructions, cantilevers, fittings, insulators, wires, cables, terminals, tensioning devices, section insulators/disconnectors and switches

Construction, installation, maintenance and monitoring of overhead contact lines

including foundation construction and drilling for support bolts

Provision and training of skilled labour for overhead contact line fitting

Leasing, sale and maintenance of specific equipment for overhead contact line construction

Development and supply of charging stations for railways

19.06.2001 (ISO 9001/45001)

Date of initial certification: 20.05.2026 (14001)

End of the last certification cycle: 18.06.2025

Date of recertification: 07.04.2026

Start of the new certification cycle: 19.06.2025

The requirements of the standards/regulations must be continuously fulfilled throughout the validity of this certificate. This will be ensured and guaranteed through regular monitoring by Bureau Veritas Switzerland AG.

This certificate is valid until: 18.06.2028

Bureau Veritas Switzerland AG will provide information on the validity of this certificate on request at any time. Additional information on the management system and the area of applicability should be obtained from the organisation itself.
